Subject: Vacancy for IT service leader –  
Data foundation (DFS01) – Reporting applications  
Mumbai

. The role & responsibility along with the eligibility criteria are mentioned below:

### **IT service leader – DFS01 Reporting applications:**

#### **Functional Role:**

- Lead the provisioning, maintenance and continuous improvement of reporting applications within Uhde IT.
- Define the Reporting Application service unit vision, operating model, reporting standards and roadmap in close coordination with internal stakeholders.
- Own projects from inception to completion, growing our technical capabilities, and influencing work processes.
- Coordinate cross-team plans, anticipate bottlenecks in advance and timely execution
- Ensure a close alignment with business stakeholders to clarify business requirements and deliver high quality reporting functionalities that meet the needs of diverse internal stakeholders.
- Provide support and consulting to business users on Self-service BI reporting.
- Collaborate closely with Data foundation Platform team to define and develop on enterprise reporting.
- Maintains a structured and up-to-date reporting catalog to ensure visibility and consistency of reporting assets.
- Standardize and govern KPI logic across reports, maintain clear documentation, and lead review cycles that surface insights and drive action. Continuously monitor performance and user feedback to identify opportunities for improvement.
- Ensure accessibility, usability and reliability of reporting applications
- Comply with security policies & standards and collaborate closely with other IT service clusters and units to ensure optimal end user experience and business value.
- Maintain documentation and audit readiness for reporting applications and related data sets and documentation
- Stay ahead of BI innovations by actively tracking emerging technologies, industry trends, and new analytics capabilities or features in Power BI.
- Manage relationship with 3<sup>rd</sup> parties such as software vendors.
- Given the global matrix IT organization and the associated international service teams you will be reporting to different Uhde stakeholders:
  - Functional: IT service owner located in Germany
  - Disciplinary: Leadership located in India.
- You report service-specific KPIs and overall status to your respective IT service owner.
- You are responsible for leading and coordinating tasks of ( international )IT service experts.
