### Ferritic steel

Short name	Material number	Aisi/SAE
<b>DIN EN 10 088, part 2</b>		
X2CrTi12	1.4512	409
X2CrTiNb18	1.4509	441
X3CrTi17	1.4510	439
X2CrMoTi17-1	1.4513	436

### Austenitic steel

Short name	Material number	Aisi/SAE
<b>DIN EN 10 088, part 2</b>		
X5CrNi18-10	1.4301	304
X6CrNi18-10	1.4541	321
X2CrNiMo17-12-2	1.4404	316L
X2CrNi18-9	1.4307	304L

### Heat-resistant steel

Short name	Material number	Aisi/SAE
<b>DIN EN 10 095</b>		
X15CrNiSi-20-12	1.4828	309
X9CrNiSiNCe21-11-2	1.4835	253MA
X15CrNiSi25-21	1.4841	314

## Multiple processing options.

By continuously investing in our machine park, we offer you the tailor-made processing and packaging of your desired product.

### Narrow strip/slit strip

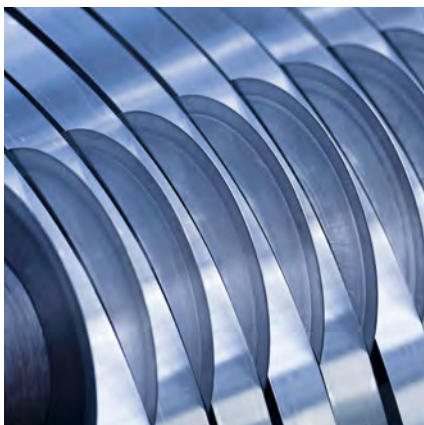

Thickness:	0.4–4.0 mm
Width:	11–1,850 mm
Exit coil ID:	508/610 mm
Exit coil OD:	max. 2,000 mm

### Combined/Jumbo coiling

Thickness:	0.5–2.0 mm
Width:	11–60 mm
Exit coil ID:	400/508 mm
Exit coil OD:	max. 1,520 mm

### Precision blanks

Thickness:	0.4–4.0 mm
Width:	80–1,600 mm
Length:	200–6,000 mm
Exit weight:	max. 4 t

# Tailored exactly to your needs.

Certified according to  
**IATF 16949**

## Precision meets services.

As a customer of our company, you want your wishes to be met precisely. This is exactly our primary focus: We would like to be your reliable partner and service provider who offers the best solution for you or finds it together with you. In doing so, we combine the security of a manufacturer with the flexibility of a service center.

- › Tailor-made support through individual approach to your wishes, permanent availability and high implementation speed of our competent and committed team
- › Maximum supply security through continuous focus on adherence to delivery dates and quality
- › Customized adaptation of our machines to your technical requirements
- › Step-by-step support for your future-oriented projects with our expertise in procurement, processing and logistics
- › Takeover of further services and processing steps in your supply chain
- › Advice and support in managing your supply flows
- › Implementation of your requirements in inventory management and warehouse management
- › Individual realization of different batch sizes

A trusted partner at your side throughout Europe: Our network of locations with the stainless steel competence centers in Mannheim and Győr.
