ThyssenKrupp

ThyssenKrupp - Clear strategic focus for sustainable growth

-
- Expand technological and innovative capabilities
-
- Make optimal use of potential within the Group
-
- Strengthen customer and service orientation
-
- Manage value systematically by concentrating on high-performance business areas and active portfolio management
-

Steel – At a Glance

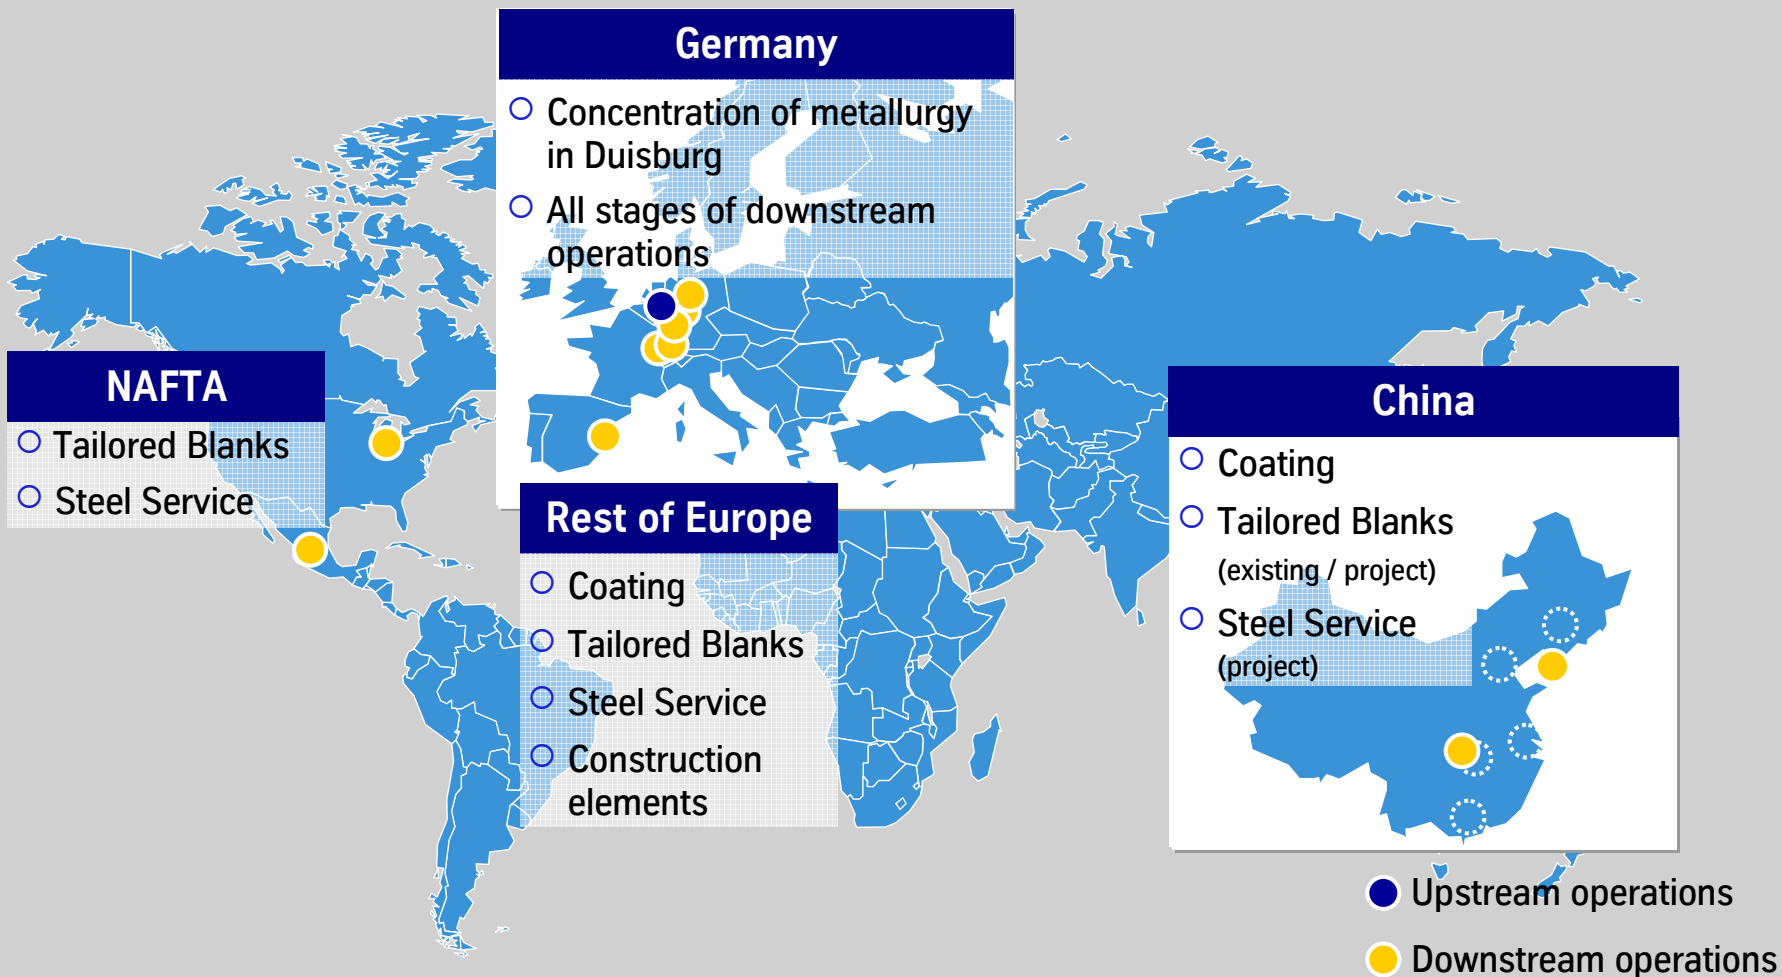

Steel

- European No. 2 in carbon steel flat products
- World market leader in stainless steel flat products, nickel-base alloys, electrical steel and tailored blanks
- Focus on flat products with high value added
- Profit leader in Europe through: portfolio optimization, investment policy, performance enhancement
- Site configuration unique in Europe: 17.3 mt/yr crude steel capacity in Duisburg
- Innovation leader in products and processes
- International presence further strengthened with production facilities in the world's growth markets; systematic development of global strategic alliances

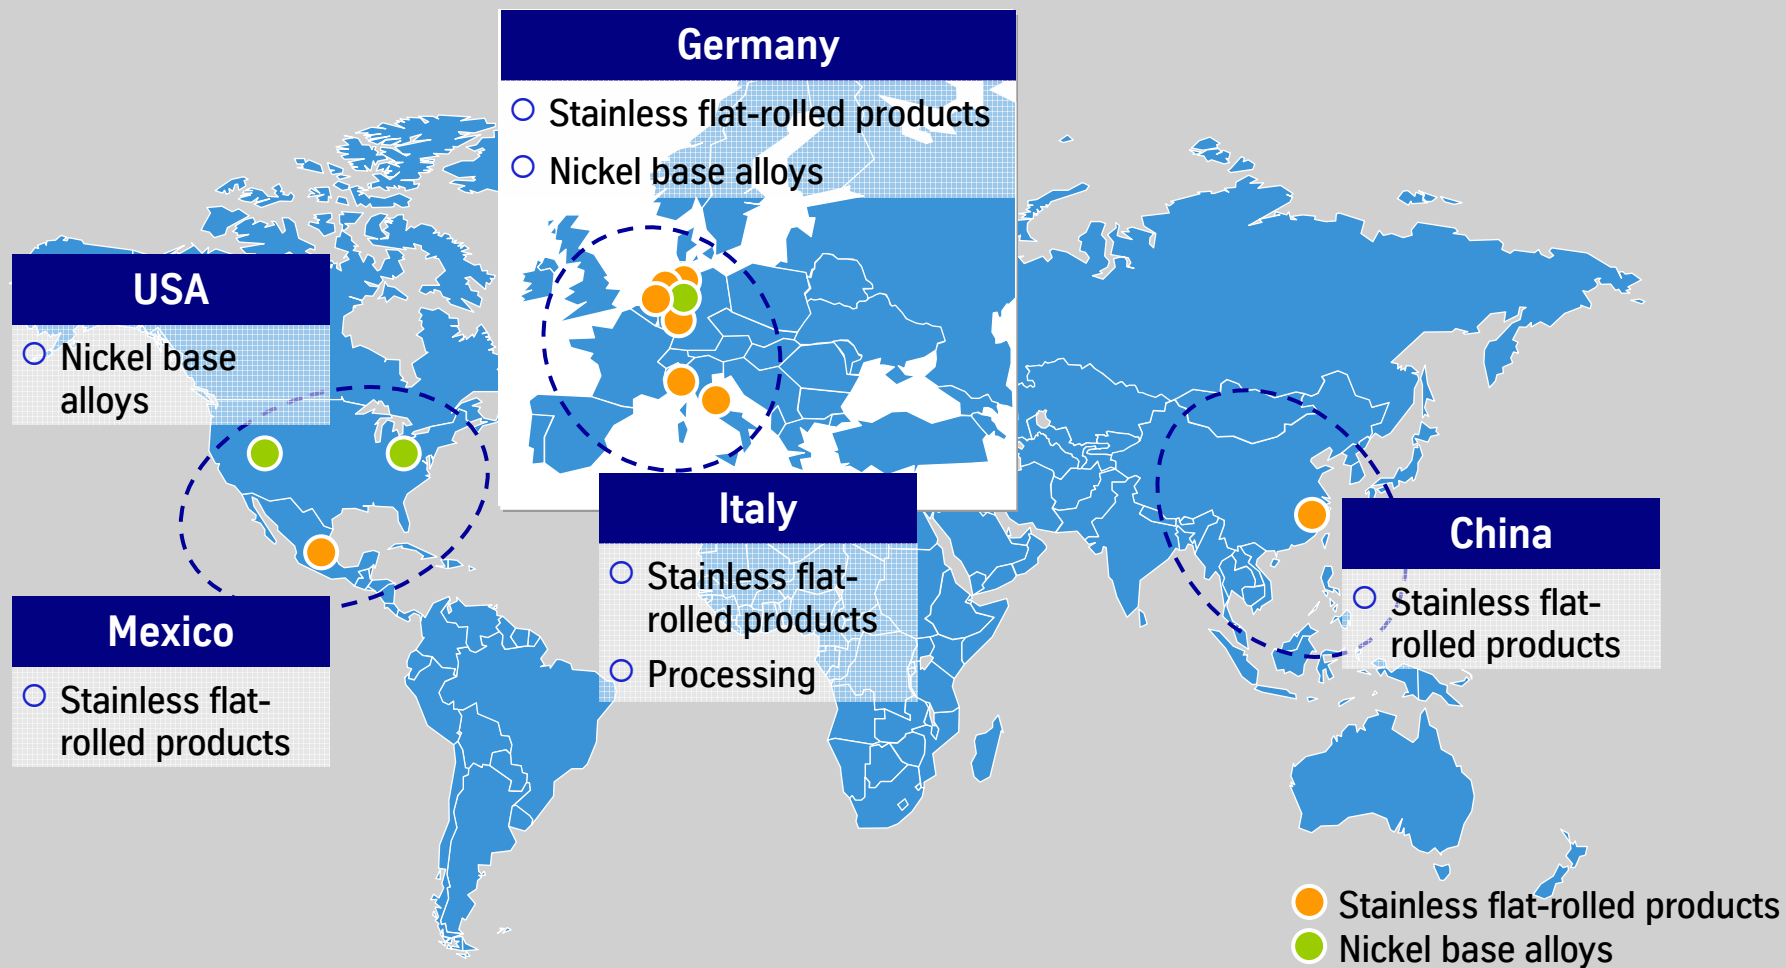

Rhine-Ruhr Region as the Basis for International Expansion

Portfolio Carbon Steel

Sales structure FY 2002/2003
(flat products only)

Portfolio Stainless Steel

Sales structure FY 2002/2003
(without material for re-rollers)

Capital Goods – At a Glance (I)

Automotive

- 80% of sales from TOP 3 positions
- Sales growth - organic and through acquisitions
- Technology leadership in product and process technologies
- Materials capabilities: processing of all key materials e.g. iron, steel, aluminum, magnesium, plastic
- Parallel expansion of component and system business capabilities
- Further participation in outsourcing trends of automobile manufacturers
- Enhance technological competence through cross segment cooperation and joint product development

Competence supports long-term partnership

Competence
beats competition

- Joint engineering
- Joint business planning
- Joint fitness

- Leading technology
- Leading quality
- Leading cost structure
- Leading global presence

Results (Examples)

BMW X5

NSB[®] New Steel Body

Innovations driven within the Group

Steel

Steel design wheels with Nirosta® cover

- High-quality appearance
- Integrated design flexibility
- Lighter and lower in cost than cast aluminum wheels

Steel

Automotive

NSB® NewSteelBody

- ThyssenKrupp Stahl designed a complete weight-optimized steel body-in-white
- Open source project to interested auto manufacturers for joint further development
- Reference vehicle is the Opel Zafira
- The body developed under the project is 24% lighter than the reference vehicle

Steel

Automotive

Fuel tank

- Absolutely airtight, hydrocarbons cannot escape, fully recyclable, significantly lighter than plastic fuel tank
- Greater fuel capacity due to reduced wall thicknesses
- Can be packaged in the tight confines of a compact car
- Meets strictest emission standards, e.g. Californian emission guidelines

Steel

Technologies

Modular door

- The new, modular door is 12 kilograms lighter than the benchmarked model and costs significantly less to manufacture and assemble
- The modular approach means that door production and door assembly can be separated

Capital Goods – At a Glance (II)

Elevator

- No. 3 on world market, top global market positions
- More than 700,000 service contracts worldwide
- Full range of products and services from a single source
- Strong service network – benefiting from full maintenance products
- More than 50% of segment sales through services
- Increase market share globally and locally, especially in Asia
- Growth to continue through further acquisitions and even stronger focus on services

World Market

New installations and service market shares 2003

Volume: € 29 bn

(in %)

ThyssenKrupp Elevator – Strategic Objectives

- Number 2 worldwide
- Achieve € 5 bn mark in sales in 2006
- Strengthen market position by:
 - Developing new markets through acquisitions
 - Developing and launching innovative products
 - Positioning as full-range supplier
- Positioning as quality supplier
- Strong focus on service

Capital Goods – At a Glance (III)

Technologies

- Portfolio with leading regional and global market positions
- High technological competencies throughout product portfolio
- Leading engineering companies in the fields of chemical and industrial complexes
- Leading position in surface naval shipbuilding, conventional diesel powered submarines and mega yachts
- World's leading manufacturer of large-diameter bearings, e.g. for general engineering applications as well as solar and wind power plants

Services – At a Glance

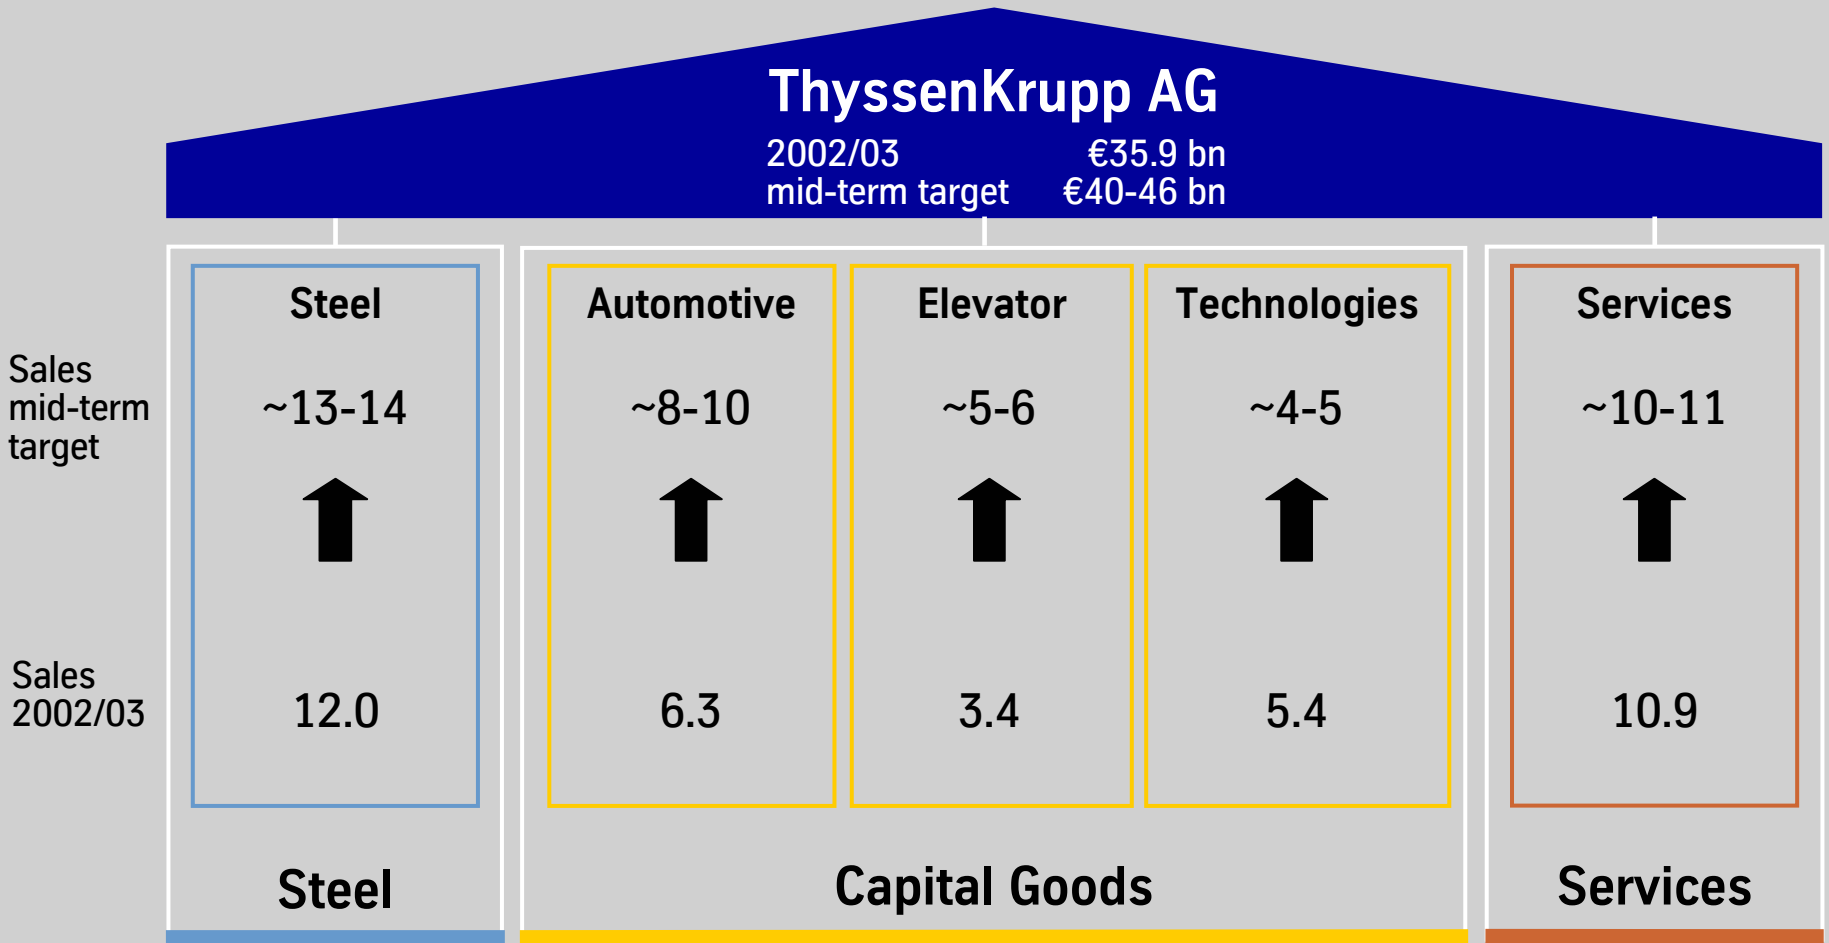

Services

- Service provider across the customer's value chain – procurement, logistics and production-related services through to supply chain management
- Goal to increase share of high-end Services, residual business serves as a base and trigger
- Boost internal growth especially in high-margin regions, mainly Eastern Europe and North America
- Portfolio optimization and restructuring on track, e.g. disposal of loss making construction services and non-core IT business completed
- Excellent market positions both in Materials Services and in Industrial Services

Workforce ThyssenKrupp Group

Movements Sept. 30, 1999 – June 30, 2004

Q3 2003/2004 – Overview

Significant earnings jump

- **Order intake** increased to €10.6 billion, up 18% yoy
- **Sales** were €10.7 billion, up 21% from the prior-year period
- **EBT** from continuing operations improved by €270 million to €488 million, corresponding to normalized figures
- **EPS** reached €0.55 compared with €0.42 a year earlier; the normalized prior-year number was €0.23
- **Net financial payables** at €4.3 billion remained almost at September 2003 level

Highlights

- **Steel business** benefits from ongoing strong demand
 - Order intake, sales and EBT rose in all three business units
 - Mainly driven by volume and price increases plus efficiency enhancements
 - Increased raw material costs almost covered by higher steel prices

- **Services and Automotive:** Strong growth both top and bottom line
 - Restructuring efforts and portfolio measures proved effective

- **Portfolio optimization** proceeds
 - Sale of 49% stake in GalvaSud and 50% in Röhrenwerke Fuchs, MBO at Darcast
 - Elevator entered New Zealand service market
 - HDW: Due Diligence completed, contract negotiations proceeding well

Outlook

- For the **rest of fiscal 2003/2004** we expect an unchanged economic environment. The continuing risks of an economic weakening have not impacted our performance so far.
 - For the **full year** we plan sales in the magnitude of roughly **€38 billion**.
 - In terms of **EBT**, excluding the effects of disposals, we previously expected to come close to the **€1 billion** mark. Based on the recent very good performance of Steel and the improvements at Services and Automotive, we now aim to come as close as possible to our medium-term target of **€1.5 billion**.
-

Conclusion

- ThyssenKrupp: Focused industrial group based on 3 pillars, combining value and growth components

- Clear strategic direction: Portfolio optimization will be stepped up

- Cross-segment development: Driver for technological innovations
